Search Tips

The user can make a simple search using this option. The fields to be entered are:

Database : Select from the combo box the database on which the search is to be made.

Field : Select from the combo box the field on which the search is to be made.

Enter word(s) or phrase : Give the word(s) or phrase on the basis of which the search is to be made.

Connector : Select from the combo box the connector required between the search words.

Specify Year(s) of Publication : Give the publishing year(s) within which a search has to be made.

Click Search and the result is displayed. Thus , a simple search can be made on any field, title-wise, author-wise or subject-wise.

STEP 3: As soon as you click on Go button, it will open your page with check out details. Now click on **'Password'** button.

STEP 4: After clicking on **Password** button, it will bring one window to change the password. Enter New Password. Then Click on **Change Password** button.

Once the password is changed, you will get the message **"PASSWORD UPDATED"** on screen.

STEP 5: Now Sign-out and then re-login (i.e. **Again go to Check-outs option as in step 1**). This time provide user ID and password to open your check out details.
