JYOTI TORAN

The Jyoti Toran, named after the famous Assamese playwright, " Jyoti Prasad Agarwala " is the entrance to the prestigious Tezpur University. The gateway is just the tip of the iceberg as it provides a glimpse into this temple of education.

Tezpur University has established itself as not only one of the top universities in the state, but has also won accolades in national and International platform.

Tezpur University attempts to make a lasting impression in the minds of one and all who walks through the Jyoti Toran.

MESSAGE FROM THE VICE - CHANCELLOR

Dear Recruiters,

I am really happy to learn that the Department of Business Administration under the School of Management Sciences of our University has taken up the important responsibility of bringing out a Placement Brochure to explore the possibility of finding suitable placement for the students of the department. It is indeed encouraging to know that despite the pandemic situation all around, the students have put in their wholehearted effort while working remotely for meticulously preparing the Brochure.

I am sure that while highlighting the achievements of the concerned departments, the Brochure will provide all such relevant information about our students that would be of assistance to the recruiting agencies in considering them for employment. Given the quality of the students of the concerned department along with the various skill development initiatives undertaken by the university in the form of workshops and trainings, I am sure that the students shall be industry ready and focused to face the challenges of the corporate world.

I am confident that the publication of the Brochure will be a worthwhile endeavor. I convey my best wishes to everyone behind this endeavor.

Prof. Vinod Kumar Jain

Vice - Chancellor,
Tezpur University

MESSAGE FROM THE DEAN

Dear Recruiters,

It is my pleasure to invite you to our campus for picking up students of MBA and MTTM programme. I am sure you will not be disappointed. The Department of Business Administration is robust with innumerable activities throughout the year. In spite of the present pandemic situation, the department ensured that the students do not waste time and remain engaged with study/classes and activities including internships and webinars. There was no slackness in taking classes and evaluation. The whole focus was on adding value to the time spent at Tezpur University and maintaining mental and physical health of our students. This was possible due to the efforts exerted by the faculty and students' willingness to comply. The students of the Department are trained not only by a dedicated team of faculty but also people/experts drawn from industry. The syllabus is one of the best in the country that is designed in consultation with the industry and of course following guidelines of AICTE. Students undergo activities that require teamwork, and being in a university they are to work in cross functional teams. Our students are tech savvy and competent enough to carry out/participate/organize tasks online. We are grateful to all our recruiters who have trusted our students and visited our campus again and again. We are also proud of our alumni who are present across the globe and doing well. We will be glad to have you in the campus!

Prof. Papori Baruah

Dean, School of Management Sciences,
Tezpur University

MESSAGE FROM THE HOD

I take this opportunity to thank the recruiters for the support they have been providing us in the form of recruiting our students and providing honest and practical feedback. I welcome you and other new recruiters to our wonderful campus for this session.

The pandemic has not been kind to any of us. Even then life has to go on. At our end we have been trying our level best to make our students worthy of your choice. Our teachers are working very hard to impart necessary inputs to the students in the form of online classes, recorded classes etc.

As an introduction of TUMBA, we started our MBA programme in 1995 and since 1996 our MBA graduates have been recruited by reputed organizations. The tourism programme was started in 2002 with a one year PGDTM programme, which was later upgraded to a two year MTTM programme in 2016. Pass out candidates from PGDTM/MTTM programme have also been contributing to the tourism sector in the form of either trained manpower or entrepreneur.

The biggest strength of the Department of Business Administration, Tezpur University is its faculty. We have fourteen permanent faculty members, many of them having industry experience. Some of our faculty members have international teaching experience. Over and above the fourteen permanent faculty members, we also engage guest faculty and adjunct faculty to give our students industry and international exposure. At present we have one adjunct faculty from the Netherlands and another from the USA.

Our syllabus is revised at a regular interval. Senior alumni and industry experts are consulted during revision of syllabus so that new concepts can be incorporated.

Industry visits including foreign industry is a regular activity of both the MBA and MTTM programmes. Apart from industry visit locally, MBA students are sent for foreign excursion to visit industries abroad. For the MTTM programme, students are sent to foreign destinations to get exposure of the tourism activities of other foreign countries. I welcome you all to visit our campus to check out our infrastructure and test the students during the forthcoming recruitment drive. I assure you satisfaction.

Prof. Chandan Goswami

Head, Department of Business Administration,
Tezpur University

MESSAGE FROM TRAINING AND PLACEMENT CELL

Dear Recruiters,
Greetings from Tezpur University!

Thank you for entrusting continuous faith in us for the past 25 years. Being in a central university with state of the art infrastructural facilities, our students are exposed to a wide array of academic engagements. In addition to the rigorous academic curriculum our university also imparts substantial value addition components such as foreign languages, yoga and groomed & certified by Corporate trainers like Dale Carnegie, Tinker Labs, Capsim, Tally Academy etc.

Our students have been actively organizing various corporate leader's talk, working on live projects, case studies as well as participating and excelling in inter-college and corporate competitions, hence move a step further to prove themselves in a competitive environment. We are committed and proactive in satisfying industry needs for the talent you are looking forward to. Moreover, an unrelenting support comes from our alumni and the pool of renowned faculty (in-house & visiting) who are committed to building up a cadre of academically strong and technically efficient professionals. Here our final year students are gearing up to hit the corporate arena as full-time workforce.

We would like to request you to go through the brochure which outlines the profiles of the students and delineates the versatility of the activities Tezpur University is engaged in. It would be our immense pleasure to welcome you and your organization for our campus placement process. We can assure you that you will be able to recruit well trained, well groomed, multi-skilled, multi-lingual managers, who are mobile and willing to pursue their profession in any part of the country.

Ms. Deena Davy

54 HOW TO REACH TEZPUR UNIVERSITY

ABOUT THE UNIVERSITY

Tezpur University came into existence on 21st January 1994 by an Act of Parliament of India, The Tezpur University Act, 1993 (Act No. 45). It is a unitary and residential Central University. The University is located at Napaam, about 15 km east of Tezpur town in Sonitpur District of Assam. The University has a campus area of about 262 acres. The sprawling and verdant beauty of the campus, the striking and well maintained academic buildings, and the engaging staff and student activities make the campus very vibrant. The academic programs offered in the University have a distinct focus on Science, Technology, Humanities and Social Sciences, reflecting the objective of the University.

Currently, the University offers 63 carefully chosen academic programs through 19 departments under the Schools of Engineering, Humanities & Social Sciences, Management, and Sciences. The University also offers 11 programs under its open and distance mode. With over 3300 students, 240 faculty members, and 270 administrative and technical personnel, the University today is a hub of quality activities in higher education and research.

The University has already developed several state-of-the-art laboratories, computing facilities, internet connectivity, a dedicated power supply system, renewable energy service, and a relatively small but rich library having connectivity to several digital libraries.

Tezpur University has emerged as one of the most sought after Universities in the North East. The University has a pan India look with students from all states enrolling here and the percentage of such students coming to this University is on the rise. The University can rightly be proud of what it has achieved in the last 25 years since its inception. However, there is no room for complacency as the environment around us is rapidly changing, technologies are constantly being upgraded, innovations are changing our lifestyles and newer areas of research are emerging. The University is playing a proactive role in providing impetus to guide these changes.

ABOUT THE DEPARTMENT

The Department of Business Administration is one of the most prestigious departments of Tezpur University. This department came into existence in January, 1995, with its flagship 2- year full time AICTE recognized MBA Programme.

VISION

To be a coveted knowledge hub of management education for creating socially responsible global citizen

MISSION

Educating manpower to meet global managerial requirements and promote entrepreneurial culture and sustainable development

WHY TUMBA ?

- ***Industry Academia Collaboration***
- ***Industry Driven Syllabus***
- ***Dual Specialization***
- ***Skill Development Workshops***
- ***A Pedagogy of Global Learning***
- ***International Student Exchange Programme***

“Management in practice”, this phrase perfectly embodies the goal and spirit of TUMBA and of every student who graduates from this esteemed B-School as a budding manager. At TUMBA, every aspect of a student’s life in the two year period involves decision making with its consequent results.

In the first year of the two year MBA program, students are given a firm foundation in the various functional aspects of management like Finance, Marketing, Operations, Human Resource Management and Information Technology. In the second year students choose their area of specialization with courses designed to meet current industry requirements.

TUMBA employs a comprehensive array of pedagogical tools such as lectures, case studies, role plays, project presentations and simulations. This facilitates effective learning by giving students a taste of potential situations that they are likely to face as future managers.

All these, coupled with continuous corporate engagement programs, makes TUMBA a welcome destination for every recruiter.

01

WHY TUMTTM ?

To be in the forefront of the growing tourism trends in the entire region of North-east India, we have established a benchmark among the peers through education and research platforms.

The MTTM programme is composed of both practical and theory practices to develop a certain level of skills and knowledge required to excel in tourism sector.

This is to generate an adaptable workforce to sustain in the field of tourism, finance, and service and hospitality management. The entire course offers various papers on relevant topics of the industry starting with the fundamentals of tourism, soft-skills, accounts and finance, hospitality management and human resource management.

Students are provided with professional training in the hospitality sector by the experts from IHM, Shillong and it is made sure that by the end of the 2 year journey, the student are ready to face any sort of circumstances. The students are also introduced to foreign languages through

compulsory choice based credit transfer system during each semester.

The methodology of the programme is based on theoretical practices and practical exposure through group projects, presentations and field trips to different tourist generating regions, where students get the opportunity to evaluate live scenario.

The students are also required to take a compulsory two months summer internship and, a month winter internship in some of the most reputed tourism based organizations such as Ramoji Film City, Hyderabad; Tourism and Civil Aviation Department, Govt. of Sikkim; Kerala Tourism Development Corporation.

The students are also encouraged to take up extra-curricular and social activities related with conversation and maintenance of tourism resources of the region.

The programme aims to generate next pioneers who will help to take the tourism industry into a new dawn..

It's indeed my pleasure to present before you the industry ready batches of MBA and MTTM 2021. With the perfect blend of academics, industry exposure, co-curricular and extra-curricular components in the syllabus, each student of the department is provided with an excellent platform for learning and honing their skills. Even during this pandemic, the academic calendar was adhered to by virtue of online teaching, learning and assessments and possibly, our university is one of those educational institutions which have been able to complete the semester in its proper time. The MBA batch is additionally equipped with important skillsets such as Design Thinking, Business Simulation etc conducted by global training organisations. The MTTM students have multitude study tours embedded in their curriculum which gives them the much-needed practical exposure of the tourism domain. I take this opportunity to invite your esteemed organisation to our department and I have a firm conviction that the batch of 2021 shall deliver beyond your expectations. Wish the students the best in their careers!

Mr. Prayash Baruah
B.Tech, MBA

Tourism is one of the largest and most dynamic sectors of the modern economy providing not only jobs but a myriad of other opportunities. It positively affects the economic growth and development of the country especially vigorous tourism industry like accommodation, transportation, heritage, tradition, entertainment, wildlife, etc. Tourism in our country is the source of new jobs and revenue to sustenance especially in the visited tourist destinations.

The Department of Business Administration, Tezpur University in its Masters of Tourism and Travel Management (MTTM) programme committed to providing the students with the best possible education to prepare them for their future careers in tourism sectors. In order to flourish in this fastest-growing job market, students need to be practically grounded and to be able to work effectively; they also need to be flexible and creative, and to have the ability to think positively and to reflect on how they relate to their counterpart and customers in tourism sectors.

Dr. Niranjan Das
M.A., M.Phil., Ph.D., Post-Doc
Senior Fellow- ICSSR

MESSAGES FROM ALUMNI

“

Rakib Ahmed

Batch of 2003

**Co-Founder & Head of Operations
LoadShare Networks Pvt. Ltd.**

The small lessons were the big lessons which I received at the campus that helped me a great deal in laying the foundation for my foray into the corporate world.

”

“

Pallavi S Chakravarty

Batch of 2003

**Head of Distribution,
Fevicol**

TUMBA gave me courage back in 2003 to come & curate my career aspirations in the big city of Mumbai. TUMBA gave us the confidence that “Yes, we are the best. And we can compete among alumni of all institutions”. TUMBA gave us the comfort of a home cocoon & cemented the values of compassion and belongingness. Step by step over the years, Tezpur University MBA program only have moved from strength to strength. Every pass out from this great institution is a gem on his/ her own. My best wishes to new batch.

“

Abhishek Barua

Batch of 2018

**Assistant Manager, Modern Trade (Northeast)
Bajaj Electricals Ltd.**

Tezpur University, specifically TUMBA, will make you ready for the unpredictable world ahead. Whether you step in to the corporate world or choose to be an entrepreneur, ‘The TUMBA Exp’ will always give you an edge, which we all still feel even after passing out. The Department’s teaching combined with the University’s diverse environment, transforms each one into a complete individual. Still miss those two amazing years in the University. Best wishes to all. Rise and shine!

”

Tanmay Ranjan Patgiri

Batch of 2014

**Talent Acquisition Analyst,
Thomson Reuters**

I owe a lot to the Department of Business Administration, Tezpur University. The timeframe has been the most valuable 2 years of my life. I have seen a change in me both personally and professionally during the timeframe spent. The whole batch is indebted to our faculty members for making us prepared to face the world in a better way. I have been in constant touch with the department and occasionally visiting the department as well whenever feasible. There is a lot of earning for one's professional life and personality development which one should make the best out of it during the tenure in the department. I always cherish the time spent in the University. TUMBA has always been a family and will remain to do so in the future as well.

Himakhi Mazumder

Batch of 2017

**Deputy Manager, Human Resources
DHL Global Forwarding**

It's been 3.5 years since I graduated from Department of Business Administration, Tezpur University (2015-17) and it was only few days ago when in one of the discussions in office I cited an example from Organizational behaviour class in 1st Semester. That is what TUMBA is about. It nurtures you to absorb, to reflect upon and stand out. Heartfelt gratitude to all my amazing faculty members, my rocking fellow TUMBAnians and my beautiful Kopili girls for making those two years memorable for the rest of my life. I am sure every upcoming TUMBA graduate would share a similar feeling. Make the most of your time and enjoy every experience. Keep those heads held high as you continue on to the next phase of your lives.

STUDENT EXCHANGE PROGRAMME

As part of the student exchange program of the Department of Business Administration, the third batch of students carried out their exchange studies of the 2nd semester at Avans University of Applied Sciences, Netherlands. This year three students were selected among the first-year students, namely Anirban Bardhan, Divya Sharma, and Shreyasee Deb. They studied the course Strategic Business Decisions in a batch of 60 international students from across the globe, including students from France, Finland, Germany, Turkey, Brazil, Italy, Thailand, Hungary, China, South Korea, and Netherlands. The exchange period provided them with a diverse environment to carry out their work as well as learn from all the different cultures which helped them foster a sense of independence and adaptability with any environment they were presented with.

This experience helped them gain valuable knowledge and boosted their personalities as well. The exchange program also provided them the scope to carry out their summer internship program in the Netherlands, which helped them gain exposure to the international work culture thereby gaining both practical and professional skills, as they assisted them in real-time projects for the companies. This third batch of students helped in proving that the exchange program was a success, which further elevates the status of the university as such programs are unique facilities provided by the Department of Business Administration of Tezpur University. We hope to continue such programs in the coming years too, where the exchange of ideas and students between the two universities proves to be a routine affair.

FORMEX

It is the forum for managerial excellence in the Department of Business Administration. All the students and faculty are members of this forum. This forum has coordinators who act as a link between the students and the faculty.

All the events from fresher to farewell, seminars, interactive sessions between industry & academia are conducted and organized in the department are under the FORMEX banner. This forum basically acts as a platform for the personal development of the students and the overall growth and development of the department as a whole.

Saraswati Puja

REMEMBRANCE DAY

In the memory of Late Prof. Madhab Chandra Bora every year 16th November is observed as The Remembrance Day by the School of Management Sciences, Tezpur University. Dr. Madhab Chandra Bora was the first Dean of School of Management Sciences. The department believes that the living owe it to those who no longer can tell their stories. Eminent personalities from this region are invited to deliver Madhab Chandra Bora oration.

WORLD TOURISM DAY

Every year the Department of Business Administration celebrates the World Tourism Day on 27th September, the date commemorated by United Nations World Tourism Organization (UNWTO) with the purpose to foster awareness and importance of tourism and its social, cultural, political and economic value.

In today's fast paced world, education is changing dimensions like never before. Theory and practice go hand in hand and hence to sustain in this ever-changing dynamic environment, it becomes extremely critical to undergo a three-dimensional learning process. Hence the Department of Business Administration, Tezpur University in order to ensure that its students can cope up with the rapid pace of this dynamic work environment has taken up various workshops and seminars. "Knowledge can lead you to places"- This quote goes a long way in proving how it is as important to shape one's personality as it is to shape one's mind. Hence, all the students of Business Administration, Tezpur University underwent a three-day long Personality Enhancement Program of Dale Carnegie under the watchful guidance of Iti Sinha and Yasmin Irani. It turned out very well since all of them felt extremely confident and there was an immediate upliftment in the personalities of the students.

Today's world demands people to learn Excel and not just ordinary Excel but Advanced Excel that can solve a gazillion calculations in one go; solve the most complex of problems with just a Pivot Table. Ravi Kamana, a Microsoft Certified Solutions Associate & Microsoft Excel Specialist trained the students of the department in a five day workshop where they learnt the ability to create Pivot Tables, solve corporate problems at one go, and everything that is needed to sustain in a corporate entity. While it's important to think out of the box, it becomes extremely important to design one's thoughts and give direction to it. The students of Business Administration, Tezpur University too in order to build the aptitude to think in a way that solves problems, underwent a two-day workshop on Design Thinking. It was conducted by Tinker Labs. The objective of the workshop was to promote the mind in blending human centricity of design with the power of technology and business strategy in order to solve complex problems.

The students have also been extensively trained in order to be effective in Accounting which is a very critical component of business. Hence, the students have undergone Tally Training for a semester by Tally Academy on Tally.ERP 9 and are certified Tally Academy Accountants.

UPCOMING BATCH (MBA)

Sl. No	Name	Last Qualification	Work Experience (months)
1	Mourjya Kanak Deka	B.Voc. (Renewable Energy Management)	NIL
2	Anshuman Gogoi	B.Tech (ME)	NIL

Getting to Tezpur University

Tezpur University is located in the beautiful city of Tezpur. Tezpur is located in central Assam and is almost equidistant from major cities like Guwahati and Jorhat.

The nearest airport is Lokapriya Gopinath Bordoloi International Airport, Guwahati. Cab services are available 24x7 from the airport to the University.

Tezpur is connected with the capital Guwahati through NH 27 and NH 27-A via Nagaon and through NH 15 via Mangaldoi. Both A/C and non A/C buses ply 24x7 and tickets can be booked through redbus.in

Tezpur is connected with Kamakhya Junction railway station by a broad gauge line from the new Dekargaon Railway Station via Rangapara and Rangia Railway Junction.

You must be the change you wish to see in the world.
- MK Gandhi

TUMBA believes in TEAMWORK!
