

Community Engagement

30th November & 12th December 2024

At: - Fakharuddin Ali Ahmed High School, Borghat & Samdhara High School, Napaam

-:ORGANISED BY:-

2-Year B.Ed. (Batch 2023-25)

Department of Education, Tezpur University

Head of Department: - Dr. Sashapra Chakrawarty

Co-Ordinator: - Dr. Pratima Pallai

Student Co-Ordinator: - Mr. Himanshu Chandravanshi (EDB23054)

Introduction

Community engagement plays a vital role in teacher education by bridging the gap between theoretical knowledge and practical implementation. As part of our **B.Ed. Internship Program**, students from the **Department of Education, Tezpur University** actively participated in various community-focused initiatives aimed at fostering awareness, inclusivity, and sustainable development.

Objectives

The primary objectives of the community engagement activities were:

- To raise awareness on **menstrual hygiene** and **women's health**.
- To provide **career guidance and counselling** for school students.
- To educate the community about the **National Education Policy (NEP) 2020**.
- To promote **substance abuse awareness** through creative mediums like skits.
- To encourage **yoga, mental well-being**, and **environmental sustainability**.
- To integrate **technology literacy** through Google Mapping workshops.

Key Activities & Impact

1. Career Guidance & Counselling

Students were introduced to diverse career paths, including vocational courses and higher education streams. The session enhanced their understanding of future opportunities, skill identification, and the importance of continued education.

2. Yoga & Menstrual Health Awareness

Adolescent girls and women were guided on menstrual hygiene, nutritional well-being, and the role of yoga in stress management. The initiative helped break taboos and foster open discussions.

3. Google Mapping Workshop

Students and community members learned to navigate and use Google Maps for locating essential services such as schools and healthcare centres, improving digital literacy and accessibility.

4. Skit Performances on NEP 2020 & Substance Abuse

Dramatic performances effectively conveyed the core principles of **NEP 2020**, emphasizing holistic education, life skills, and vocational training. Additionally, an awareness skit on **substance abuse** highlighted its dangers and preventive measures, engaging students and parents alike.

5. Art & Craft Workshop

The workshop fostered creativity among school children by encouraging sustainable practices like **best out of waste**. It also promoted entrepreneurship and cultural appreciation through artistic activities.

Conclusion

The **Community Engagement Program** served as a transformative experience for both student-teachers and the local community. It strengthened the **school-community relationship**, enhanced **awareness**, and equipped individuals with essential life skills. The initiative stands as a testament to the role of future educators in shaping **socially responsible citizens**.
