

Name: Satyajit Das
Roll No: ECP19107
Date of Joining: 24th July 2019
Supervisor: Prof. P. P. Sahu

Laboratory: MEMS Laboratory
Area of Research: Sensor and Instrumentation

Summary: Proposed work is to design and fabricate microsensor for Citrus phytochemical responsible for instant and slow bitterness in citrus fruit juices. Research work also include optimization of sensor, synthesis of sensing material and study of biological activities of the phytochemicals.
