Preface

Tezpur University was established on 21st January in 1994 by an Act of Parliament of India, The Tezpur University Act, 1993 (Act No. 45), as a non-affiliating and residential Central University. The University is located at Napaam, about 15 Km. east of Tezpur town in the Sonitpur District of Assam. The sprawling, serene and green University Campus of about 262 acres provides the best of atmosphere including modern infrastructure conducive for learning and dedicated research. The academic programmes offered in the University have a distinct focus on science, technology and humanities, reflecting the objective of the University. Presently the University is offering Doctor of Philosophy, Masters (including Integrated Masters), Bachelors (B. Tech., B. A. B. Ed. and B Sc B. Ed and Vocational), Diploma and Certificate programmes.

During the last twenty years of its existence, the University has engaged itself in the process of capacity building, both in terms of infrastructure and human resource development. The University has mounted tremendous efforts in developing it into a modern University incorporating all elements from the contemporary scientific and socio –cultural milieu.

The University has already developed a number of state-of-the-art laboratories, computing facilities, internet connectivity, a dedicated power supply system and Central library having connectivity to several digital libraries. While students' accommodation is provided in 12 well-designed Hostels, several residential quarters have been built for accommodating teachers and non-teaching staff. Other basic amenities like central water supply, campus security, guest house, canteen, gymnasium, outdoor and indoor sports facilities, post office, banks with ATMs, schools, etc. are also available to cater to the various needs of the University community.

Rules are necessary for maintenance of discipline and creating a peaceful and congenial atmosphere for education, research and human resource development. Being a Central University, the University is guided by the MHRD, UGC and University Rules and Regulation to provide equal opportunities to all segments of society. Rules create a paradigm of social norms and equality in order to afford freedom of expression and growth without allowing the scope for friction and fragmentation. The University serves, therefore, as a microcosm of the nation with the multicultural Indianness, allowing for freedom within a boundary.

The University takes care to see that rules are followed as it believes that only through discipline each and every member can benefit and achieve his or her goal. Mutual cooperation helps to run the institution smoothly, creates an atmosphere of peace and gratification. The ultimate goal is to create human beings who, through knowledge, skill, understanding and sensibility can contribute to society and the nation.
