

Criteria followed in preparation of the merit list for M.Sc (Physics) programme of the Department of Physics

1. The rank list has been prepared as per the university guidelines.
2. Selection is based on the aggregate percentage of marks secured by the candidate in all the courses (both major and non major) upto 5th semester (pre-final) of B.Sc. degree. If the candidate has already completed the Bachelor's degree, then the percentage of marks upto 5th semester or the final semester, whichever is higher is considered for selection.
3. Applicants who have not fulfilled eligibility criteria and/or have not uploaded required mark sheets in TUEE portal within extended last date are not enlisted.
4. Applicants having backlog in major/non major subjects are not taken into consideration.
5. In case of tie-breaking, the marks obtained in Physics of Higher Secondary examination is considered.
