

Weeklong Online Faculty Development Program

(Eligible for Career Advancement under UGC regulation 2019)

Emerging Areas in Chemical Sciences

Target Group:
Faculty Members
and Research Scholars

Program Date:
05-09 July 2021

No NOC Required

Platform:
Google Classroom, Google Meet

Enrollment
Fee
Rs.800/-

Topics to be Discussed

- Quantum Chemistry : From theory to applications
- Applications of computers in chemistry
- Polymers for controlled delivery applications
- Applications of polymer supported metal complexes in catalysis and biology
- Metrics to Green Chemistry. Which is (are) the best?
- Organic -inorganic hybrid materials towards novel and promising future applications
- Importance of Research on Local issues
- Plagiarism in Chemical research and its prevention
- Sustainable polymeric nanocomposites-materials for present and future
