

Silver Jubilee Celebration (1996-2021)

Department of Energy
Tezpur University

Alumni Talk : 19

Transition to Sustainable Cooling Solutions

Time: 3:00 PM, Date: 13th November, 2021

Bhaskar Jyoti Nath

Alumnus

(MTech in Energy Technology: 2004 - 2006)

Associate Director (Energy)

PricewaterhouseCoopers (PwC) India

Bhaskar has around 14 years of experience in the field of Climate Change and Clean Energy. He is currently working as Associate Director at PricewaterhouseCoopers (PwC) India under the Energy Practice and working in multiple projects in the area of climate change mitigation, green cooling technologies, appliance energy efficiency. Presently, he is managing India-EU Clean Energy and Climate Partnership project. Bhaskar has comprehensive knowledge and experience in climate change policy aspects. He has helped various donor agencies to develop Nationally Appropriate Mitigation Actions (NAMAs) in India, Bhutan, Uganda, Ghana, Pakistan and Kenya. He also supported the Government of Indonesia in the development of the Nationally Determined Contribution (NDC) and the Government of Thailand in development of the Post Paris Measurement Reporting Verification (MRV) system under its NDC. He has working experience in 10+ countries across four continents including Cabo Verde, India, Indonesia, Malaysia, Nepal, Oman, Philippines, Pakistan, Thailand, Ghana, Kenya, Nigeria, Uganda, UAE, Mexico, and Moldova with local stakeholders, governments, as well as international experts and international donor/funding agencies such as the European Union, World Bank, UNEP, UNDP, UNIDO, GIZ and BHC.
