

Silver Jubilee Celebration

(1996-2021)

Department of Energy
Tezpur University

Alumni Talk : 24

Hybrid Photovoltaic - Thermal Solar Energy Systems

Time: 3:00 PM, Date: 24th December, 2021

Dr. Dudul Das

Alumnus

(MTech in Energy Technology: 2013 - 2015)

Project Engineer, IIT Guwahati

Dr Dudul Das did his MTech in Energy Technology from Tezpur University and PhD in Solar Energy Systems from IIT Guwahati. He is currently working as Project Engineer at IIT Guwahati. His PhD thesis was awarded the Best Thesis Award from the School of Energy Science and Engineering, IIT Guwahati for the year 2021. His research is of interdisciplinary nature, and he is keen to investigate the underlying mechanisms of various complex phenomena in thermal energy systems from different perspectives by means of theoretical, numerical, and experimental techniques. He has published several papers in reputed International Journals and delivered talks at National /International forums. He was awarded the prestigious Bhaskara Advanced Solar Energy Internship Programme at the University of Nevada, USA, by the Department of Science Technology, Government of India and Indo-US Science and Technology Forum. He serves as a reviewer of several international journals.
