

Silver Jubilee Celebration (1996-2021)

Department of Energy
Tezpur University

Alumni Talk : 18

Hydrogen as future of Sustainable Mobility

Time: 3:00 PM, Date: 5th November, 2021

Dr. Suprava Chakraborty

Alumna

(MTech in Energy Technology: 2011 - 2013)

Assistant Professor (Sr.),

Vellore Institute of Technology, Vellore

Dr. Suprava Chakraborty did her MTech in Energy Technology in 2013 and PhD in Solar Photovoltaic from IIT(ISM) Dhanbad in 2016. She is currently working as Assistant Professor (Sr). in the Technology Information Forecasting and Assessment Council (TIFAC) Center at VIT, Vellore. She is having 3 years of experience as Research Scientist and was in charge of the Advanced Solar Photovoltaic Lighting System Laboratory at the National Institute of Solar Energy, Ministry of New and Renewable Energy, Gurgaon, India. She has published more than 20 research papers in reputed International Journals and two patents are under process. Her research interest includes sustainable mobility, charge controller of EVs, reliability of Solar PV technologies, testing of solar PV modules and BOS systems.
