While it is a fact that the COVID 19 situation has compelled many of us to adopt ICT based teaching learning system, it is also a fact that this is the new normal in Indian Education scenario. Thus, the knowledge of ICT tools useful for higher education and the training for the effective use of such tools are necessary for all. This is because teachers who are digitally literate can easily communicate, create, disseminate, store and manage information.

The workshop will include both live sessions and pre-recorded video sessions disseminated in online mode. For convenience of the teachers, the live sessions will be conducted in the afternoon between 2:30 PM and 5:30 PM.
