About The Workshop

Keeping in mind the pace at which science and engineering techniques and methodologies are evolving, the professionals need to be aware of the current trends and developments in their respective fields. This often means interdisciplinary knowledge and skill mixed with core expertise. In this context a Five-day Workshop is organized by the Department of Civil Engineering, Tezpur University featuring lectures by invited speakers from separate fields of expertise. The workshop is expected to help professionals as well as academicians in extending their knowledge base in multiple dimensions.

About Tezpur University

Tezpur University is an Indian Central University established in Tezpur, Assam by an act of Parliament of India in 1994. The University has twenty-one departments under four schools of studies and three special academic centers. The institute offers courses in emerging areas of science and technology and which are of special relevance to the region.

About Civil Engineering Department

The department of Civil Engineering of Tezpur University was established in the year 2009 under the School of Engineering with a B.Tech program. PhD program was initiated in winter, 2010. The department aims to provide quality education, research and professional practices that enable the students to become leaders in their professional careers, to pursue excellence in research, and to serve the profession, community and nation.

Schedule:

The five-day workshop is spread over five weekends starting from 20th January 2017. Each day will be dedicated to a certain theme on which lectures will be delivered by the invited speakers. A certificate of participation will be awarded after completion of the event. The details of the contents are provided overleaf.

Time: 09:30 am onwards

Certificate:

Candidates attending all five days of the workshop will be awarded a five-day participation certificate and single day participation certificates will be awarded to candidates opting to attend selected days of the workshop.
