

2016 Spring International Conference on Biomedical Engineering and Biotechnology
Suzhou, China, April 17-19, 2016
<http://www.engii.org/scet2016/BEBS.aspx>

CALL FOR PAPERS

2016 Spring International Conference on Biomedical Engineering and Biotechnology (BEB-S), to be held, in Suzhou China, April 17-19, 2016, is one of the special tracks within the 2016 Spring World Congress on Engineering and Technology (SCET 2016). BEB-S 2016 will be an open platform for researchers, engineers and academicians from all over the world to communicate their latest research results and development activities in Biomedical Engineering and Biotechnology. The conference is soliciting state-of-the-art research papers in the following areas of interest:

Biomedical Signal Processing	Bioinstrumentation
Biomaterials	Biomechanics
Biomechatronics	Biomedical Computing
Bio-Nanotechnology	Bionics
Biostatistics	Computed Tomography
Clinical Engineering	Data and Signal Acquisition
Genetic Engineering	Integrated Medical Image Analysis
Intelligent Instrumentation	Virtual Reality
Lasers and Optical Systems	Medical Devices
Medical Imaging	Magnetic Resonance Imaging
Microtechnology and Biomems	Molecular and Cellular Engineering
Noninvasive Measurement	Neural Engineering
Orthopaedic Bioengineering	Pharmaceutical Engineering
Rehabilitation Engineering	Reliability and Failure
Robotics and Medicine	Sports and Ergonomics Simulation
Systems Physiology	Ultrasound Imaging
Electronic Medical Devices	Electromagnetic Field Simulation
Measurement and Instrumentation	Surgery Simulation and Simulators
Drug Delivery and Pharmacokinetics	Data Representation and Visualization
Cellular, Tissue and Genetic Engineering	
Medical Data Storage and Compression Techniques	

General Chair

Prof. Wanyang Dai
Nanjing University, China

Important Dates

Conference:

April 17-19, 2016

Paper/ Abstract Submission:

November 4, 2015

Early Bird Registration for
Accepted Paper or Abstract:

**10 days after acceptance
notification**

Early Bird Registration for
Audience: **February 2, 2016**

Suzhou is located in the center of the Yangtze Delta, in the south of Jiangsu Province.

Suzhou is praised as the 'Oriental Venice'. Taihu Lake, four fifths of which is in the

territory of Suzhou, is one of the four largest fresh lakes in China, with East Hill, West Hill and other scenic spots in its vicinity. The city is cut by the Beijing- Hangzhou Grand Canal from north to south. Together with its mild climate, fertile landscape and abundance of produce, it is no wonder that Suzhou is called 'paradise on earth'.
