

PROFESSIONAL DEVELOPMENT PROGRAMME FOR TEACHERS

(2nd March to 11th March 2016)

Organized by Department of Education, under Teaching Learning Centre (TLC)

Tezpur University, Tezpur-784028 (Assam)

About the Programme

Ten Day Professional Development of Teacher is one of the program of Teaching Learning Centre (TLC) under the scheme of Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT), department of higher education, Ministry of Human Resource Development, Govt. of India.

Teachers are the key human resource in the education system and the quality of their preparation and on-going support is appropriate starting point of educational reforms. It is very essential to provide good quality education available, accessible and affordable to the students. To achieve this, there is a need to strengthen the education system by providing opportunities to teachers for improving their professional capabilities/capacities. Now the challenge is to recognize and enhance the role of teachers in shaping the social transformation India is witnessing.

Professional development refers to many types of educational experiences related to an individual's work. In education, research has shown that teaching quality, teaching skills, teaching attitudes and values are the important factors in nurturing student achievement. For teachers to be as effective as possible, they continually expand their knowledge and skills to implement the best educational practices. Thus professional development is the only strategy to strengthen educators' performance levels. Under the programme on Professional Development of Teacher, it is envisioned to inculcate among teachers the quality of effective teaching learning. The programme will also enable the teachers to discover themselves and their potential through a positive appreciation of their role in the total social, intellectual and moral universe within which they function and of which they are important members.

Objectives of the Programme:

- To develop creativity and innovation skills that is useful in a wide range of fields, such as the humanities, the sciences, and the arts.
- To expand critical and divergent thinking and the fostering of new ideas.
- To engage and focus innate curiosity and imagination to foster a lifelong love of learning.
- To enrich and update innovative pedagogical practices, and ways to manage student learning.
- To research and reflect on the gaps in students' learning and progress.
- To understand and update knowledge on professional ethics and values.
- To develop awareness of linkages between society, environment, development and education.

- To facilitate different techniques and approaches of student's engagement in classroom.
- To become aware of information, media and technology skills.
- To make aware of different contemporary issues in education.
