DBT INSTITUTIONAL BIOTECH HUB

WORKSHOP ON

“Basic Techniques in Microbiology”

November 11th – 16th, 2016

ORGANIZED BY

Department of
Molecular Biology and Biotechnology
Tezpur University, Tezpur
Assam - 784028

SPONSORED BY

Institutional Biotech Hub
Tezpur University
&
Department of Biotechnology
Govt. of India

ABOUT THE DEPARTMENT

The Department of Molecular Biology and Biotechnology (MBBT) was inaugurated on July 24, 1997. The department offers two-year M.Sc. degree in Molecular Biology and Biotechnology, 5 year Integrated M.Sc. in Bioscience and Bioinformatics and Ph.D. in Molecular Biology and Biotechnology. **The objective of the Department is to contribute to the advancement of the emerging areas of basic and applied Life Sciences and to create trained manpower in the field of Molecular Biology and Biotechnology.**

ABOUT BIOTECH HUB and THE WORKSHOP

The setting up of a separate Department of Biotechnology (DBT), under the Ministry of Science and Technology in 1986 gave a new impetus to the development of the field of modern Biology and Biotechnology in India. Since its inception, DBT has put in efforts for popularization and advancement in Biotechnology. In its yet another attempt to strengthen Biotechnology in India, it has started with a new project called, **'Establishment of Institutional level Biotech Hubs'**. **The objective of Institutional Biotech Hub is to conduct trainings and workshops in areas related to Biotechnology.** For the purpose of fulfillment of this sole objective, the workshop on **'Basic Techniques in Microbiology'** is being conducted by Dept. of Molecular Biology & Biotechnology, Tezpur University. The workshop is designed to impart training in basic microbiology techniques, namely sterilization, preparation of media, plating and inoculation, staining procedures, identification and enumeration of bacterial count. The techniques learnt could be applied in basic research and in microbiology laboratories.

SCHEDULE

Day 1, 11th November, 2016

- ❖ Registration and distribution of the registration kits.
- ❖ Lectures on
- ✓ Basics of Microbiology
- ✓ Types of media and media preparation
- ✓ Contamination and aseptic techniques

Day 2, 12th November, 2016

- ❖ Sterilization of glasswares & plasticwares
- ❖ Preparation of media
- ❖ Sterilization of media

Day 3, 13th November, 2016

- ❖ Plating and Slant preparation
- ❖ Inoculation
- ❖ Spread Plating and Streaking
- ❖ Inoculation of Slants

Day 4, 14th November, 2016

- ❖ Gram Staining and observation of slides
- ❖ Use of differential media
- ❖ Inoculation of MacConkey Agar plates
- ❖ Dilution plating

Day 5, 15th November 2016

- ❖ Count of Colony Forming Units (CFU)
- ❖ Observation of MacConkey Plate

Day 6, 16th November, 2016

- ❖ Feedback from the participants
- ❖ Closing remarks and distribution of Certificates

REGISTRATION

Date of registration: Last date of registration is

31st October, 2016.

- ❖ Registration is free

ELIGIBILITY

The workshop is open for UG and PG students of Tezpur University and of Science Colleges in Tezpur.

Total intake - 10

Selection will be on first come first basis
(Preference will be given to students of PG courses)

CORRESPONDENCE

Registration forms will be available on the University website. Completely filled registration forms should be sent to the following address **on or before 31st October, 2016-**
