Notice

No. 36-9/99(GA-I)/1940-A

Date: 23 /08/2014

To,
All Boarders of KMH
Tezpur University

It was found that in the early morning of 18th August 2014, the photograph of the Warden of KMH was removed from its location in the reception area wall by some miscreants and burnt in front of the hostel building taking advantage of absence of security guard in the hostel. This is a nasty work done definitely by any/some of the boarder(s) which has been taken very seriously by the University.

Sufficient time was given to the boarders through Warden and Prefect to voluntarily own up the responsibility of the heinous action but till date no one has turned up to confess.

Since nobody has owned the responsibility of the dastardly act unbecoming of a student, you are to justify why the University Authority should not to go for en-masse unilateral action against the boarders of the KMH including rustication/closure of the hostel.

If the boarders have any acceptable suggestion, they may do so by 5.30 p.m of 25.08.14.
