Tezpur University improves position in QS Rankings; now ranks 35

Tezpur University (TU) brings another good news to the State by improving its position in QS (Quacquarelli Symonds) India University Rankings 2020. TU now ranks in 35th position out of 100 of India's best universities in the ranking. Last year, the University ranked in 36th position.

Eight indicators were selected to prepare the rankings, viz. Academic reputation (30%),

Employer reputation (20%), Faculty/student ratio (20%), Staff with a PhD (10%), Papers per faculty (10%), Citations per paper (5%), International faculty (2.5%), and International students (2.5%).

The methodology for the QS India University Rankings 2020 is different to the methodology used for the QS World University Rankings 2020, placing less emphasis on the importance of international faculty and students in exchange and puts more focus on other factors, such as employer reputation and the proportion of academic staff with a PhD.
