

International Women's Day Celebration

8 March 2015

On the occasion of International Women's Day, the Centre for Inclusive Development, Tezpur University made a humble effort to encourage the young girls of the neighbourhood. As a part of this, the Centre on behalf of the University presented two water filters and one book shelf (for library) to the Panchmile Girls' High School and also announced a token of encouragement for the matriculation topper from the School.
