

Summer camp at Tezpur University

This summer, Tezpur University is coming up with a host of new programmes and activities to engage school students from rural background in co-curricular activities. The University, jointly with Kaliabor Sub-Divisional Administration is going to organise a three-day summer camp for the students of govt. aided schools of Kaliabor sub-division from July 14 to July 16, 2017 on the University campus.

The camp, which is expected to be attended by 150 students from Kaliabor sub-division will include a Workshop on introduction to “Robotics,” a Talk on “Developing Scientific Temper and “Night Sky Viewing” by the Astronomy Club.

The students will also learn basic yoga during the camp and will visit the different departmental Laboratories/Sophisticated Analytical Instrumentation Centre (SAIC)/Central Library/Botanical garden to get acquainted with the state of the art facilities the University provides. A special interaction with the Vice-Chancellor will also be organised.

The camp will also give inputs to the students as to how to study at Tezpur University and Introduce them to existing academic programmes and entrance examinations.
