NOTICE

Dated: 22.10.2018

It has been observed that some of the **Electrical Panel Rooms** located in the Academic Buildings, Residential Buildings and Hostels are being used for dumping of various materials thereby converting the panel rooms into store rooms.

As per safety norms, the panel rooms are to be *kept free from any storage* and should be easily *accessible for switching off the panel in case of emergency*. Moreover, keeping any material in the panel room is dangerous as it may act as fuel in case of any fire in the panels.

All concerned members of the University fraternity are hereby requested to keep the electric panel rooms free from any storage and make them easily accessible for the University officials on duty.
