## NOTIFICATION

Dated Tezpur, the 11<sup>th</sup> November, 2019

Whereas, the Assam State Transport Corporation (in short ASTC) had been providing services to educational institutions like Assam University, Guwahati University, Tezpur University, Tezpur Medical college, ONGC and other such reputed institutions since a long time throughout Assam. The services cater to the needs of students from elementary level to Post-Doc level and in many cases serve as only means of communication.

However it has been observed that in certain circumstances, there are instances of confrontation between the students and crews of the buses. Whereas, it is necessary for providing transport facility to all students, the factor of safety cannot be denied or neglected and in fact should be treated as most important. Overcrowding of university and school buses jeopardises the overall safety of the students.

Whereas, such issues are been discussed in the District Road Safety Committee meeting at the Office of the Deputy Commissioner, Sonitpur, it had been ascertained that the **maximum number of students allowed to ply in a single bus is 150 % of the total seat capacity. (i.e for a bus with seat capacity of 50, total no of passengers allowed is 75).** Overloading of buses is considered as an offence by the new MV act and thus it is hereby decided that no more than 150% of the total seat capacity of students will be allowed in a single trip.
