

TEZPUR UNIVERSITY, NAPAAM - 784 028, ASSAM

Notification dated 27 October 2020

Recruitment of 01 (One) State Project Specialist - Procurement and Contract Management (UNICEF Supported) to be engaged under Jal Jeevan Mission (JJM), Assam

1.0 Background

Ministry of Jal Shakti was formed in June 2019 with two Departments: Department of Water Resources, River Development and Ganga Rejuvenation and Department of Drinking Water and Sanitation (DDWS). Jal Jeevan Mission JJM has been launched by Ministry of Jal Shakti, Government of India. JJM the flagship scheme of the Government seeks not only to provide functional household tap connections for all but also to promote the holistic management of local water resources. Under JJM Water conservation, reuse measures are made mandatory to the scheme design. As per DDWS as on 31st March 2019, only 18.33 percent of rural households in the country, have piped Water Supply (PWS) . It has been planned to provide around 14.60 crore rural households with functional household tap connection (FHTC) through Jal Jeevan Mission (JJM) by 2024. In Assam , 34 percent of habitations are fully covered with piped water supply and around 2.3 percent of total households have individual household pipe water supply connection. The goal is that every home gets drinking water in adequate quantity i.e. 55 liters per capita per day (lpcd) on a regular and long-term basis.

Various schemes and sub-missions under ester while NRDWP viz. Rural Water Supply and sanitation Project for low income states (RWSSP-LIS), National Water Quality Sub-Mission (NWQSM), Japanese Encephalitis-Acute Encephalitis Syndrome (JE-AES) , Swajal, Water Quality Monitoring and Surveillance (WQM&S) and all support activities under NRDWP has been subsumed into JJM. The JJM emphasizes on community participation and making it as a movement - a Jan Aandolan. As per JJM guideline at grassroots level local communities especially women are to be encouraged to participate and take ownership of water resource management , water supply and grey water management and its reuse. The Implementation Support

Agencies (ISA) like NGO, SHGs, CBOs, Voluntary Organizations , Trusts, Foundations will play critical role as partner of Government in mobilizing and engaging the communities to plan, design, implement, manage, operate and maintain in village water supply infrastructure.

To achieve the objective of providing improved and sustainable drinking water services in rural communities through JJM , it is important to focus on water distribution networks, water quality management, sources sustainability, sustainable service delivery (including operation and maintenance), building professional capacity and strengthening decentralized governance. This includes setting up mechanisms to establish and strengthen decentralized procurement and contract management systems that are timely, transparent, accountable and adhere to state government guidelines for procurement of goods and services.
