Advertisement for Short film / Audio-Visual programme production proposals invited for Science Communication in Assamese

Proposals are invited from individual persons for production of short film / audio-visual programmes / modules of short duration (around 5 minutes) on various issues and aspects of science communication in Assamese language under SCoPE-Assamese project to be administered by MCJ Dept., Tezpur university.

1. Proposals should clearly state the topic / issue, its relevance and importance, a tentative story board, its potential target audience, expected impact
2. A lump sum amount of Rs 20,000/- per programme shall be provided with no other costs and up to five such programmes are scheduled to be produced. However, it is not necessary that one person shall be allowed to produce all five programme and they may be allocated to different persons based on the strength of the proposals, which shall be screened by an Expert Committee,
3. Selected proposals shall be modified (if needed) to comply with the objectives of the project before being produced.
4. The Principal Investigator or his nominee may also propose programmes to be prepared with the applicant's expertise,
5. The finished product shall be submitted to the Principal Investigator with raw footage also.
6. The selected applicant shall have to produce the programmes entirely with his or her own resources including editing, dubbing, transport etc. if needed and the MCJ Dept. shall in no way make available its facilities for this purpose. Technical quality of the programmes shall be governed by those specifications developed by the SWAYYAM (AICTE) guidelines.
7. The applicant shall deal with any issue of copyright while producing the programme if needed.
8. The successful applicants shall have to sign a contract in this regard with transfer of copyright to MCJ Dept., for the final product and in no case make it available to any third party at all.
9. Full payment shall be released as per the rules of TU through bank transfer mode only when the programme shall be accepted.
10. Potential persons may belong to any field of study but preference shall go to persons with formal qualifications as well as technical experience in the field of mass communication,
11. Examples of past works of similar nature (not necessarily in science communication) would be an added advantage which should be mentioned properly in the application with links to the products,
12. While any person may apply for the assignment yet those possessing an analytical bent of mind with an understanding of science and technology-related matters in general shall be preferred.
13. Proposals should be sent to this e mail id – abhijitbora71@rediffmail.com on or before 26th December, 2021,
