

SECTION: 1
RESULTS FRAMEWORK DOCUMENT (R.F.D.)
TEZPUR UNIVERSITY
2014-15

VISION

To develop human excellence and inculcate leadership through hard work and creativity.

MISSION

To render Tezpur University one of the most preferred destinations of students, faculty and scholars / and employees.
To be in the top 50.....

OBJECTIVES

Major considerations addressed by the goals and objectives of the University are:

The objective of the University shall be

- I. to disseminate and advance knowledge by providing instructional and research facilities in such branches as in:
 - (i) *existing and emerging areas of Science, Technology, humanities and Social Sciences*
 - (ii) *employment oriented and inter-disciplinary courses*

(iii) areas of study which are of special and direct relevance to the region and meet the local and regional aspirations for development.

(iv) courses that promote national integration and studies of cultural heritage of the region and in particular, the diverse ethnic, linguistic and community cultures of the State of Assam.

- II. to utilize distance education techniques and modern communication technologies like ICT to provide access to higher education for large segments of the population, and in particular, the disadvantaged groups such as those living in remote and rural areas.
- III. to provide an innovative system of university level education, flexible in regard to methods and pace of learning, combination of courses, eligibility for enrolment, age of entry, conduct examination and operation of the programmes with a view to promote learning and encourage excellence in new fields of knowledge.
- IV. to reach out for improvements of the socio-economic conditions and welfare of the people of that state, their intellectual, academic and cultural development through teaching, research and innovations.

Key Functions:

- I. Human Resource Development through dissemination of various academic programmes in the campus
- II. Use of distance education techniques
- III. Innovation in teaching and research
- IV. Promotion of National Integration and Studies of Cultural Heritage of the region.
- V. Improvement of socio-economic conditions and welfare of the people of the state.

SECTION: 4**Description and Definition of Success Indicators and Proposed Measurement Methodology**

Sl. No.	Success Indicator	Description	Definition	Measurement	General Comments
1	Starting	No. of new academic programmes in degrees, diplomas etc. initiated.	Initiation of new academic programmes.	Success will be measured from the number of new degrees, diplomas started during the FY.	To expand the frontiers of learning.
2	Additional Seats	Increase in intake capacity of already existing programmes of studies.	Increase in intake capacity.	Success will be measured from the number of additional seats added during the FY.	To expand the scope of beneficiaries.
3	Number	In unit - male / female or SC/ST/OBC students.	No. of students.	Success will be measured from the number of units – as the case may be during the FY.	To gauge the status of capacity building initiatives.
4	Use of ICT	Use of ICT in overall university work as a percentage.	Use of Technology	Success will be measured via relative percentage usage of ICT	To promote transparency and effectiveness.
5	Revenue generated	Revenue generated by the University through industrial consultancy in terms of Rupees.	Revenue generation from Industrial consultancy.	Success will be measured from the actual amount of revenue earned during the FY.	To get a quantified assessment of research and consultancy.
6	Frequency	Occurrence in number of times be it in FDPs, experiments conducted, study tours organized etc.	Number of occurrences	Success will be measured from the number of events organized during the FY.	To share and enhance knowledge.
7	Beneficiary	Number of students / persons deriving the advantage of trainings, collaborations and other targeted programmes.	Number of beneficiaries	Success will be measured from the number of beneficiaries from different programmes organized during the FY.	To improve knowledge, skills and enhance employability.

SECTION: 4**Description and Definition of Success Indicators and Proposed Measurement Methodology**

Sl. No.	Success Indicator	Description	Definition	Measurement	General Comments
8	Capacity utilization	Percentage of capacity utilized in using sophisticated instruments.	Capacity utilization of sophisticated instruments.	Success will be measured from the percentage utilization of capacity during the FY.	To enhance the efficiency and accuracy of research experiments.
9	Research findings	Findings from research activities that can be patented / copyrighted.	Patentable research findings	Success will be measured from the number of patents filed / obtained during the FY.	To attain recognition and benefit from research.
10	New initiatives	New initiatives in research collaborations – national & international	Research collaborations	Success will be measured from the number of new initiatives in collaborations during the FY.	To exchange and enhance knowledge.
11	Events	Number of events where industry-academia interaction takes place. (e.g. workshops, trainings, TechXetra etc.)	Industry academia interactions	Success will be measured from the number of such events organized during the FY.	To facilitate interaction with the industry and enhance knowledge and skills.
12	Experiments conducted	Number of scientific and social experiments conducted.	Experiments	Success will be measured from the number of such experiments conducted during the FY.	To improve knowledge.
13	Programmes	Events organized by the IPR Cell, NSS Cell - like counselling, workshops etc.	Organized events	Success will be measured from the number of such programmes organized during the FY.	To impart skill, sense of service among the beneficiaries / students.
14	Objects	Archived materials in unit like rare books, documents, pictures etc.	Archived objects	Success will be measured from the number of archived objects done during the FY.	To preserve heritage.

SECTION: 4**Description and Definition of Success Indicators and Proposed Measurement Methodology**

Sl. No.	Success Indicator	Description	Definition	Measurement	General Comments
15	Use of technology	Technology like webcasting digitization, micro filming in terms of percentage of total initiative.	Technology usage in promoting culture	Success will be measured by the percentage of total such initiative made during the FY.	To utilize modern technology in promoting culture.
16	Completion	The date by which a required project will be completed. (e.g. village adoption, showcasing artifacts etc.)	Date of completion	Success will be measured by the strict adherence to the date of completion.	To inculcate discipline and punctuality while delivering responsibilities towards the local environment.
17	Documents	Printed or hand written document like diary, publications, texts etc.	Digitised documents	Success will be measured from the number of such documents digitized during the FY.	To conserve culture and heritage.
18	Books	Number of books translated into English	Translation of books	Success will be measured from the number of translations done during the FY.	To improve access to readers of classics in different languages.
19	Initiation	The date by which an initiative is to be taken up.	Date of initiation	Success will be measured by the strict adherence to the date of initiation.	To inculcate discipline and punctuality.
20	Academic programmes	The number of academic programmes of study leading to a degree/diploma/certificate in a particular area.	Programme of study	Success will be measured from the number of such academic programmes during the FY.	To enhance the scope of academic pursuits and to meet the changing requirements.

SECTION: 4**Description and Definition of Success Indicators and Proposed Measurement Methodology**

Sl. No.	Success Indicator	Description	Definition	Measurement	General Comments
21	Information on web	The percentage availability of information on course/syllabi; self study materials on the web.	Online information	Success will be measured from the percentage availability of such material during the FY.	To improve access to students.
22	Enrolment	The number of students enrolled into a particular course of study – like, a paper offered by IPR Cell as a CBCT course	Number of students in a course	Success will be measured from the number of enrolment made during the FY.	To offer flexible methods of learning.
23	Adherence	Timely completion of events and activities.	Timely completion	Success will be measured from the strict adherence to the academic calendar.	To enforce discipline and ensure a planned path of action.
24	Campus/off campus offers	Campus/off campus placement offers made to the students of professional courses as a percentage of such outgoing students.	Placement offers	Success will be measured from the number of placement offers received during the FY.	To facilitate job avenues for the students of professional courses.

SECTION: 5

Specific Performance Requirements from Other Departments that are Critical for Delivering Agreed Results

Location Type	State	Organization Type	Organization Name	Relevant Success Indicator	Requirement from this organization	Justification for this requirement	Quantification of the requirement from this organization	What happens if the requirement is not met
New Delhi	--	Autonomous	UGC	Approval of academic departments, programmes, funds	Timely approval of academic departments, programmes, posts, release of funds / grants etc.	Regulatory and chief funding agency	100%	Functioning of the University gets affected.
New Delhi	--	Ministry, GoI	MHRD	Approval of Visitor's nominee	Timely approval of Visitor's nominee for selection committee, Academic Council, Board of Management, Planning Board etc.	Statutory requirement	100%	Functioning of the University gets affected.
New Delhi	--	Autonomous	NCTE	Approval of academic programmes	Approval and guidelines for teachers' education programmes	Statutory requirement	100%	Unable to impart teacher education.
New Delhi	--	Autonomous	AICTE	Approval of academic programmes	Approval and guidelines for professional education	Statutory requirement	100%	Professional education will be hampered.
