## **TEZPUR UNIVERSITY**

### **Consideration of Demand for Grants (2023-24) of the Ministry of Development of North Eastern Region by the Department related Parliamentary Standing Committee (DrPSC)**

1. Do the NE States foresee educational tourism as a strategy for development and social change? If so, what steps have been taken by the Government to promote educational tourism in NER?

**Reply:**

#### **Scope of educational tourism in NE India:**

North east India houses many Universities (central and state), NITs and one IIT apart from one AIIMS, one sports University and other educational institutes. It is highly likely that the region could attract students and scholars from nearby regions and countries. This is more possible due to the fact that NE India shares borders with as many as 4 countries, and in proximity to many other countries in South East Asia.

#### **Tezpur University initiatives:**

As a step towards educational tourism, Tezpur University has a policy to admit international students through sponsorship of government agencies or directly on application of interested students. This includes NRI and PIO students as well. The University has earmarked two (02) seats for each programme for such interested students in addition to applicants through entrance examinations conducted by Tezpur University or by designated agencies like NTA.

Being a Central University located adjacent to borders of many South-East Asian countries, Tezpur University seems to be a preferred destination for interested students, specially from the countries of the region. To make the effort of the University for attracting more international students' success, it has established an International Office under the directorship of a Professor with necessary support staff. It is pertinent to mention that during last three academic years the International Office received applications from international students as given below:

<b>Academic year</b>	<b>No. of applicants</b>	<b>Admissions</b>
2019-20	50	19
2020-21	200	03
2021-22	271	08

Though the number of applicants are reasonable, but actual number of students who took admission is comparatively low as the University has no separate hostel for international students.

The University has also signed MoUs with some of the foreign Universities for academic collaboration which includes exchange of students and teachers making educational tourism more effective. However, some of the Universities have not deputed their students to Tezpur University, might be due to lack of an appropriate hostel.

The University submitted a proposal to MoE for HEFA funding for international hostel in 2019 which was not recommended. The effort of the University to implement educational tourism will be more successful if it can get funding for establishment of an International hostel of atleast 74 capacity with necessary facilities/ amenities at the earliest possible. For this, we are enclosing herewith a proposal for an international hostel to be funded from the Ministry of DoNER through the MoE with an estimated cost of Rs. 13.40 cr.

- h) Remedial classes will be arranged for the weaker students as and when required which will be worked out by the HoDs. The Vice Chancellor will issue an advisory to all Deans and Heads of the Departments/Centres to identify students who may need counseling.
- i) A Language Lab/Cell will be created wherein counseling sessions shall be arranged to ensure development of self-esteem and communication skills for SC/ST and other students. Some interested Research Scholars will be hired on honorarium basis in the Lab/Cell for imparting training and counseling to the students. The Lab/Cell will also conduct sessions on drafting/preparing proposals, applications, resume writing, etc. for needy students.

- n) The SC/ST students shall be addressed by the Cell once in a semester to give them awareness and discuss their problems, if any. This will be worked out by Dr. Reetamoni Narzary and Dr. Bhanu Panging.

Re: Lok Sabha Starred Parliament Question 132 due for reply 01.07.2019 "Challenges of Tribal Communities of North-East"

**Question (a) Whether the University has conducted any assessment of the challenges being faced by the Tribal communities in North-East part of India;**

**Reply:** Tezpur University (TU) has been over the years making efforts to identify the challenges of the tribal communities of Assam and to make meaningful contributions towards meeting them. One of such challenges was found to be the absence of higher educational institutions in tribal areas, particularly, in remote locations. While exploring the possibilities of intervention, the University received a written request from a tribal literary body to set up a campus of TU at Jonai, a largely tribal inhabited area in the district of Dhemaji, Assam, bordering Arunachal Pradesh.

**b) if so, the details thereof alongwith the steps being taken by the Government to address these challenges;**

*Steps Taken:* Following a feasibility survey, the University considered setting up of a campus at Jonai keeping in mind the necessity of the University's support in the socio-economic development of the tribal people of the area. Welcoming the move, the local people donated a plot of 131 Bighas (42 acres) of land at Laimekuri locality of Jonai through the state government which was received by the University in 2013. Following this, the University completed all formalities and sent a proposal to the University Grants Commission (UGC) and the Ministry of Human Resource Development (MHRD) for funding to which the UGC/MHRD replied that the University may develop the campus from its own resources. This has not been possible for the University as the funds it has received have been clearly earmarked for its main campus. The proposed campus at Jonai is still under active consideration of the University.

**c) if not, the reasons therefor? : N/A**
