**About the School:**

The School of Engineering (SoE) of Tezpur University was established in 2006 with the introduction of B. Tech. programmes in three disciplines. There are now ten departments at the School of Engineering.

- Civil Engineering (CE)
- Computer Science and Engineering (CSE)
- Electronics and Communication Engineering (ECE)
- Electrical Engineering (EE)
- Food Engineering and Technology (FET)
- Mechanical Engineering (ME)
- Energy (ENE)
- Design
- Applied Sciences
- Vocational Studies and Skill Development (VSSD)

Six constituent Departments (CE, CSE, ECE, EE, FET and ME) of the School offer B. Tech. programmes and Design Department offers B. Des. programme, while the Departments of CSE, EE, ECE, ME, FET, Energy and CE offer Master of Technology and Design Department offers Master of Design programme. The MCA programme is also being offered by the Department of CSE. Except the Department of Vocational Studies and Skill Development, all other Departments are offering Ph.D. programmes. There are more than hundred (100) permanent faculty members in the School of Engineering with specialization in various fields.

In addition, from this current Academic Year 2025-26 M. Tech. in Solar Energy Engineering under Department of Energy and M. Tech. in Manufacturing Technology and Automation under the Department of Mechanical Engineering and Dual Degree B. Tech.-MBA programme under School of Engineering and School of Management Sciences will be started. This school strives to produce skilled professionals at the UG, PG, and Doctoral levels. The departments are actively pursuing externally funded research projects, and both faculty and students are engaged in developing innovative technologies. The school has been proactive in strengthening the teaching and learning experiences of the students to enhance their knowledge and employability. From this Academic Year 2025-26 the B. Tech. programme has been revised with Minors and Honors as per the requirement of NEP 2020.

All the programmes are AICTE approved and M. Tech. in Manufacturing Technology and Automation is in process. The National Board of Accreditation (NBA) accredited 05 nos. of B. Tech. programmes viz. B. Tech. in CSE, CE, ECE, FET and ME and others are in process.

A dedicated Placement Cell is looking after the training and placement activities for all the students.

School of Engineering, Tezpur University admit UG and PG students through National level entry test like JEE-Mains, UCEED, CEED, DAT and GATE.
