Course Name- SCIENCE COMMUNICATION

Course Code- MAMCD / MMC 402

**Full Marks= 30**

15x2=30

1. Make a general survey of news items on science and technology issues of the society in newspapers and magazines of the country. Find out the following aspects ---
  - i) Frequency in terms of numbers and if possible divide them in different areas of life
  - ii) Which newspaper give maximum coverage
  - iii) How do you find the language – understandable to a common reader without a science background?
  - iv) Which media organization is doing a better job in this regard?
  
2. Select two science fiction films of recent years and see them properly. Now, discuss these aspects ---
  - i) Unique Selling proposition of both these films,
  - ii) How do they compare in terms of story / presentation / impact upon people etc.
  - iii) If given an opportunity, would you like to make them in a different way. How?
