

A Report on
One day workshop on
IPRs: Protecting our
Creativity and Innovation

(13th March 2025)

Organized by
DPIIT IPR Chair, Tezpur University
in Collaboration with
IQAC, B. N. College, Dhubri

Venue: Digital Hall, B.N. College

A daylong workshop entitled “**IPRs: Protecting our Creativity and Innovation**” was organized by the DPIIT-IPR Chair, in collaboration with the IQAC, B.N. College (A), Dhubri, and the TUIPR Cell, Tezpur University on 13th March of 2025 at the B.N. College, Dhubri. This initiative aimed to raise awareness among the faculty members of B.N. College (A), Dhubri, and other nearby colleges in the Dhubri district regarding the significance of IPR in the context of value-based education. Around 74 faculty members participated in the programme.

The event began with the formal felicitation of the resource persons and other dignitaries, followed by a welcome speech delivered by Dr. Kishor Kumar Shah, from B.N. College (A), Dhubri. In his speech, Dr. Shah highlighted the importance of understanding Intellectual Property Rights for enhancing the academic landscape and promoting innovative practices in educational institutions.

The first lecture was delivered by Prof. Pritam Deb, the DPIIT IPR Chair Professor at Tezpur University. Prof. Deb provided an in-depth discussion on the different types of intellectual properties and their related rights, offering a comprehensive understanding of the diverse scopes of IPR. He emphasized how academic institutions like B.N. College can leverage IPR for their growth and development. Prof. Deb also addressed the various challenges faced by academic institutions in integrating IPR into their educational framework, making the lecture both insightful and practical for the participants. His expertise helped the audience grasp the intricacies of IPR, inspiring them to explore ways to incorporate it into their academic practices.

Following Prof. Deb’s session, Dr. Juri B. Saikia and Dr. Koushik Saikia, Research Assistants from the TUIPR Cell, Tezpur University, delivered their respective talks on specialized topics. Dr. Juri B. Saikia focused on Geographical Indicators (GI), explaining the criteria that specific products must meet to be eligible for GI recognition, as well as the importance of such tags for regional products. Dr. Koushik Saikia then elaborated on Industrial Design, detailing how it connects with other forms of intellectual property such as Patents and Trademarks. His discussion highlighted the vital role industrial design plays in the innovation ecosystem and its relevance in the protection of creative works.

The programme concluded with a vote of thanks given by Dr. Samuel Sheikh, the Coordinator of the IQAC at B.N. College (A), Dhubri, who expressed gratitude to the resource persons, participants, and all those involved in the successful organization of the event.

The session was a significant step toward promoting IPR awareness in the academic community of Dhubri and served as an enriching experience for all participants

Some glimpses of the programmes

Poster of the workshop

*B.N. College (Autonomous), Dhubri
Invites you to participate*

Workshop on *IPRs : Protecting our Creativity and Innovation*

Organized by:
DPIIT IPR Chair, TUIPR Cell, Tezpur University
